WATER RIGHTS

MINUTES OF THE
GEORGE CREEK WATER USERS MEETING

52-1

The Annual Meeting of the George Creek Water User's and the Division of Water Rights was held on March 18, 1981, at the home of Stanley Spencer. The meeting was called to order by Michael Turnipseed of the Division of Water Rights at 1:25 p.m.

The minutes of the 1980 meeting were read by Robert Fotheringham. Corrections and additions were called for. There were none. Motion to approve the minutes as read was made by Darwin Thompson, and seconded by Stanley Spencer; and carried.

Michael Spencer reviewed the 1980 Water Commissioner's Report. He stated that the water users were responsible for their own property to remove Beavers. Because of the anticipated water short year the Beavers should be taken care of. Mike Turnipseed stated he would contact Mr. Pratt of the Fish and Game and have him call Karl Oman for any assistance they could give. It was stated that the Beaver problem seemed to be worse at the splitter at Big Rock. It was brought up at this time as to the water year out-look for 1981. The U.S.G.S. list indicated that it would be a bad water year. The snow pack level was 13-inches of water in 30-inches of snow; 50% - 55% of normal.

Annual Meeting
George Creek Water User's
March 18, 1981

There was an open discussion about the budget. No one had received their copy of the statement at the time of the meeting. Also there was a discussion on the Commissioner's salary. Mike Spencer said he would accept the commissioners job for the next year. Stanley Spencer moved to retain the same salary and statement; seconded by Yale Montgomery; and carried. Darwin Thompson nominated Mike Spencer for Commissioner for the year 1981; seconded by Boyd Taylor; motioned carried. Mike Spencer asked for a new measurement book. Also, a phone book was asked for by the Division of Water Rights for the area.
